Hydrobiologia **381:** v, 1998.
Zheng Mianping, S.H. Hurlbert & W.D. Williams (eds), Saline Lakes VI.

Contents

Editors' Preface vii

Opening Ceremony at the Sixth International Symposium on Salt Lakes, Beijing, P.R. China, July 1994 ..... ix–x

Isabela Crater-Lake: a Mexican insular saline lake
by J. Alcocer, A. Lugo, M.R. Sánchez & E. Escobar 1–7

Littoral protozoan assemblages from two Mexican hyposaline lakes
by A. Lugo, J. Alcocer, M.R. Sánchez & E. Escobar 9–13

Aquatic invertebrates of Lake Gregory, northwestern Australia, in relation to salinity and ionic composition
by S.A. Halse, R.J. Shiel & W.D. Williams 15–29

Further studies on the saline lakes of the eastern Paroo, inland New South Wales, Australia
by B. V. Timms 31–42

Dead Sea water trajectories in the T-S space
by D. A. Anati. 43–49

Geology and geochemistry of the Paleoproterozoic borate deposits in Lianoning-Jilin, northeastern China: evidence of metaevaporites
by Q. M. Peng, M.R. Palmer & J.W. Lu 51–57

Acyclic isoprenoids – molecular indicators of archaeal activity in contemporary and ancient Chinese saline/hypersaline environments
by R. L. Wang 59–76

Molecular indicators of anaerobic microbial contributions to recent and Tertiary hypersaline lacustrine sediments in China
by R. L. Wang, S.C. Brassell, J. Fu & G. Sheng 77–103

Salinity and fish effects on Salton Sea microecosystems: water chemistry and nutrient cycling
by M. R. González, C.M. Hart, J.R. Verfaillie & S.H. Hurlbert 105–128

Salinity and fish effects on Salton Sea microecosystems: zooplankton and nekton
by C.M. Hart, M. R. González, E.P. Simpson & S.H. Hurlbert 129–152

Salinity and fish effects on Salton Sea microecosystems: benthos
by E. P. Simpson, M. R. González, C.M. Hart & S.H. Hurlbert 153–177

Salinity effects on the growth, mortality and shell strength of *Balanus amphitrite* from the Salton Sea, California
by E. P. Simpson & S.H. Hurlbert 179–190

Salinity as a determinant of the structure of biological communities in salt lakes
by W. D. Williams 191–201
